

Future of Design:

The future has never looked so INNOVATIVE!

HOMEMAKERS Expo is giving participants the chance to show off their creative designs to over 50 000 people over 4 days at the Future of Design! We all know that original and fresh design ideas are what give design its cutting edge.

This incredible feature will include designs that are fresh, modern, and unique products or items that could be used in and around the home.

Some of our participating designers include:

Glen Napier
