## WE'RE GIVING AWAY

### 1 BEENO COT FROM MILK DECO WORTH R6200!

Milk Deco supplies a unique contemporary range of baby furniture designed by Candice Brophy of CB Designs. Candice studied architecture at Wits University and when she became a mother she saw that there was a gap in the market for modern, functional and eco-friendly baby furniture. And so she began designing. Milk Deco guarantees that all of its designs are unique and in line with international standards. Candice wants to create unique nurseries that are baby friendly, affordable and that parents enjoy, too, since they will be the ones spending so much time in them. The team at Milk Deco also does its best to create "green" designs that are environmentally friendly! Visit [milkdeco.co.za](http://milkdeco.co.za) or contact Candice Brophy on 082-855-2925

## WE'RE GIVING AWAY

### 10 HUGGIES® HAMPERS WORTH R900 EACH!

In the first few months of your baby's life, his or her soft skin gets exposed to so much, from bath soaps and body creams to bum cream and nappies. Understandably, you want to ensure that your baby always experiences a caring touch. Nappy changing leads to lots of cleaning, leaving your baby's skin vulnerable, which is why Huggies® has relaunched its wipes range. The improved Pure Wipes and the new Huggies® Aloe Wipes ensure that your baby gets the most caring touch – always. And it's important that moms provide a caring touch to their babies at all times. This is why Huggies® Wipes is giving away vouchers to attend baby massage sessions. Baby massage enhances the emotional bond with your baby and calms baby down. Each hamper consists of a voucher to attend baby massage lessons as well as Huggies® Wipes.

## WE'RE GIVING AWAY

### 10 MAM HAMPERS TO THE VALUE OF R500 EACH!

The key to MAM's success is design; it's unique because it satisfies both the highest stylistic demands that are placed on products and the functional requirements that ensure babies get the best start in life. The way that MAM develops every single one of its products is also unique; it engages in an international working dialogue spanning different disciplines with designers, medical experts, scientists, technology specialists – and parents. What's more, the company is firmly committed to research and raising awareness of good health for babies; for example, it supports a global group of researchers working to reduce the risk of SIDS (Sudden Infant Death Syndrome). Each hamper contains a MAM Multiteether, 2 MAM Ultivent bottles, MAM Gum Massager, MAM Bite and Brush Teether, MAM 2 Ultivent Teats.
